MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well known. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called the Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women. Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Dr. Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines put up for sale through druggists for women's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

Constables Rescued from Italians.

Two hundred outraged Italians mobbed two constables and held them prisoners in an old house at Schomps Mills, ten miles from Somerville, N. J., for several hours yesterday. Both constables were badly injured by stones and clubs thrown by the mob. A riot call was sent from Peopack Lake yesterday afternoon to the sheriff's office at Somerville, telling of the danger of the two imprisoned constables, who were surrounded in the old house by a frenzied mob, bent on killing them.

Deputy Sheriff Anderson and three special policemen started for the scene of the trouble in a big automobile. As the officials neared Schomps Mills, they were met by Constable John R. Stevens, of Peopack, and Constable James Wood, of Plumekin, who had just been rescued from the mob by a posse of farmers after a stiff fight.

Stevens and Wood started out to run down a number of Italian poachers who had been violating the game laws by shooting pheasants and other game in the Peopack district. The constables arrested an Italian and the fellow stopped and uttered a peculiar cry, which echoed through the hills. A minute later about 200 Italians rushed down the hill from their shanty and surrounded the officers.

When the constables drew their guns the Italians became frenzied and crowded in with drawn knives until the officers were obliged to flee for their lives and take shelter from the mob in a deserted house near by. They dragged their prisoner with them and were followed by the mob, which surrounded the houses and broke out the windows with a fusillade of stones.

Bishop Attacks Bible.

Bishop Charles D. Williams of the Episcopal Diocese of Michigan, in an address to Young Men's Christian Association members at Detroit, Mich., on "The Bible and the Word of God," declared that the Bible is not the word of God, and that the teachings, to the contrary, are the most prolific source of unbelief the church has to contend with. The bishop said: "Nowhere does the Bible declare itself the word of God. Yet we are told we must take it in its entirety. It is a venerable museum, and visitors are requested not to touch, as it is the direct word of God, and there is no other. Take the young man just out of college. He reads Genesis and finds impossible geology, astronomy, and ethnology. His teacher says, when questioned: 'Manipulate it until it fits your sciences.' If too honest to handle the word of God craftily, the young man gives up the Bible. He refuses to stultify his reason. The Bible needs no defense; all it needs is a square deal. There are those who read it devoutly, diligently. But I never say the Bible is the word of God; I say the Bible and the word of God. To those who accept the entire book as the literal word of God, I would point out that it is nowhere so stated. Christ tore asunder the Old Testament precepts, the law of Moses, and furnished new ones. Where the Old Testament directed men to hate their enemies, the teachings of Christ were to love your enemies. We must learn from the Scriptures itself how to read the Scriptures. Some of us use it as a heathen does his fetish or amulet—a wicked use of the book."

High Speed Caused the Accident.

Excessive speed, causing the engine to overturn, it has been decided by the board of trade inspectors, caused the railway accident at Salisbury, Eng., on July 1 last, in which upward of a score of Americans on their way from Plymouth to London lost their lives.

In the report, issued yesterday, Major Pringle, the representative of the board of trade, who had charge of the investigation, says that all the evidence points to the fact that the speed was at least twice as great as authorized by the company, and possibly it was as much as 70 miles per hour. He believes that had the speed limit of 30 miles through the station not been exceeded the disaster would not have occurred.

The report censures the guard of the train, Harrison, for when he knew that the speed was dangerous, not applying the continuous brake, which would have greatly reduced the speed and possibly prevented the accident. Major Pringle found no evidence in support of the allegation that Americans, or anyone else, were in the habit of tipping the engineers of steamboat expresses in order to encourage them to run the trains at excessive speed.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacement or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser, of 14 Warrenton Street, Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:—
"I suffered misery for several years with female irregularities. My back ached; I had bearing-down pains, and frequent headaches."

DRY GOODS

Dear Mrs. Pinkham:—

"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month."

"My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing-down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years she has, under her direction and since her decease, been advising sick women free of charge.
